Our preschool programs for 3 and 4-year-olds focus on development through play and hands-on learning. The 3-year-old program emphasizes social skills, name and letter recognition, number recognition, shapes, colors, and self-care basics. The 4-year-old program builds on these skills with a focus on letter and number formation, counting, and fostering independence through daily decision-making opportunities.

Our Nursery programs serve as an introduction to the classroom setting. We focus on social skills, positive peer-to-peer interaction, classroom etiquette, music, movement, and building trust with adults outside of a student's immediate family. This is a drop-off program, and students *do not* have to be potty trained.
